INDEPENDENT AUDITORS' REPORT

The Board of Directors
Delaware Opportunities, Inc.:

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Delaware Opportunities, Inc. and Affiliates (collectively, the Organization), which comprise the consolidated statement of financial position as of February 28, 2018, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Delaware Opportunities, Inc. and Affiliates as of February 28, 2018, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Delaware Opportunities, Inc. and Affiliates' 2017 consolidated financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated August 16, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2017, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplemental information included in Schedules 1 through 3 is presented for analysis and is not a required part of the consolidated financial statements. The accompanying schedule of expenditures of federal awards (Schedule 4), as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 23, 2018, on our consideration of Delaware Opportunities, Inc. and Affiliates' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Delaware Opportunities, Inc. and Affiliates' internal control over financial reporting and compliance.

DELAWARE OPPORTUNITIES, INC.
AND AFFILIATES
Notes to Consolidated Financial Statements
February 28, 2018

(1) Summary of Significant Accounting Policies

This summary of significant accounting policies is presented to assist in understanding the consolidated financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the consolidated financial statements.

(a) Nature of Activities

Delaware Opportunities, Inc.

Delaware Opportunities, Inc. (Delaware) is a nonprofit organization incorporated under the laws of the State of New York in January 1966. The Organization provides comprehensive services to people in need in Delaware County, New York (the County). As a community action agency, it administers programs designed to help people become self sufficient and/or obtain a better quality of life. Services are directed to the entire needy population. These services include advocacy to assure that needy persons receive services they require, program development to assure that services are available, public information to assure that the public is aware of ways in which their needs can be met, coordination and collaboration with other service providers to assure that service delivery is maximized and made as efficient as possible, and the operation of programs which meet the daily needs of the citizenry.

Advance Delaware Opportunities Objectives, Inc.

Advance Delaware Opportunities Objectives, Inc. (ADOO) is a nonprofit corporation that was formed for the purpose of managing and maintaining equipment for the benefit of Delaware.

Housing Company for Delaware County, Inc.

Housing Company for Delaware County, Inc. (HCOD) is a corporation formed to be a general partner of Sidney Housing Recovery, L.P., a low-income housing project. Housing's sole member is Delaware Opportunities, Inc.

Delaware and the Affiliates are collectively referred to as the Organization.

(b) Principles of Consolidation

The consolidated financial statements include the accounts of Delaware and the Affiliates. All significant intercompany accounts and transactions have been eliminated.

(c) Basis of Accounting

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

DELAWARE OPPORTUNITIES, INC.
AND AFFILIATES

Notes to Consolidated Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(d) Basis of Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets temporarily restricted net assets and permanently restricted net assets. The Organization did not have any permanently restricted net assets. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations and may be used for any purpose designated by the Organization's Board of Directors.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met either by actions and/or the passage of time.

(e) Estimates

The preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(f) Cash

For purposes of the consolidated statements of cash flows, the Organization considers all highly liquid debt instruments purchased with a maturity of three months or less, including overnight repurchase agreements, to be cash equivalents.

(g) Investments

Investments are presented in the financial statements at fair market value. Realized and unrealized gains and losses are recorded in the statements of activities and changes in net assets. Fair value measurements are discussed in greater detail in note 3.

(h) Accounts Receivable

Receivables are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management. Accounting principles generally accepted in the United States of America require that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

DELAWARE OPPORTUNITIES, INC.
AND AFFILIATES

Notes to Consolidated Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(i) Capitalization and Depreciation

Property and equipment are recorded at cost or fair market value at the date of the gift in the case of donated equipment. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives using the straight-line method. Improvements are capitalized, while expenditures for maintenance and repairs are charged to expense as incurred. Upon disposal of depreciable property and equipment, the appropriate property and equipment accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the consolidated statement of activities.

Donations of property are reflected in the accompanying statements at their estimated fair market value at the date of receipt. The Organization's policy is to imply a time restriction on donated property. Donated property is recorded as temporarily restricted support and the restriction expires over the useful life of property. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

(j) Long-Lived Assets

The Organization reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. In determining whether there is an impairment of long-lived assets, the Organization compares the sum of the expected future net cash flows (undiscounted and without interest charges) to the carrying amount of the assets. At February 28, 2018 and 2017, no impairment in value has been recognized.

(k) Deferred Revenue and Revenue Recognition

Grant awards accounted for as exchange transactions are recorded as revenue when expenditures have been incurred in compliance with the grant restrictions. Amounts unspent are recorded in the consolidated statement of financial position as deferred revenue.

(l) Donated Materials, Food, Supplies and Personal Services

The Organization receives unrestricted donations from outside parties. The donations include, but are not limited to, equipment, clothing, services, and food. All donations are unrestricted and are used to support and further the Organization's objectives. The donations are reflected in the accompanying statements at their estimated fair market value at the date of receipt. In addition, many individuals have contributed significant amounts of time to the activities of the Organization without compensation. Contributed services are recognized as in-kind revenue and expense by the Organization when certain provisions are met. In-kind contributions of \$638,396 and \$605,781 for the years ended February 28, 2018 and 2017, respectively, have been recognized as in-kind revenue and expense by the Organization.

DELAWARE OPPORTUNITIES, INC.
AND AFFILIATES

Notes to Consolidated Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(m) Promises to Give

Contributions are recognized when the donor makes an unconditional promise to give to the Organization. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

(n) Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the consolidated statements of activities and functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

(o) Subsequent Events

The Organization has evaluated subsequent events through the date of the report which is the date the consolidated financial statements were available to be issued.

(p) Income Taxes

Delaware and ADOO are exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the Code), therefore, no provision for income taxes is reflected in the consolidated financial statements. Delaware and ADOO have been classified as publicly supported organizations that are not private foundations under Section 509(a) of the Code. The Organization discloses or recognizes income tax positions based on management's estimate of whether it is reasonably possible or probable that a liability has been incurred for unrecognized income taxes. Management has concluded that the Organization has taken no uncertain tax positions that require adjustment in the consolidated financial statements. U.S. Forms 990 filed by Delaware and the Affiliates are subject to examination by taxing authorities.

HCOD is a corporation subject to income taxes. The corporation presently discloses or recognizes income tax positions based on management's estimate of whether it is reasonably possible or probable that a liability has been incurred for unrecognized income taxes. Management has concluded that the corporation has taken no uncertain tax positions that require adjustment in its consolidated financial statements.

(q) Reclassifications

Reclassifications have been made to certain 2017 balances in order to conform them to the 2018 presentation.

DELAWARE OPPORTUNITIES, INC.
AND AFFILIATES

Notes to Consolidated Financial Statements, Continued

(2) Concentrations of Credit Risk

(a) Cash

Custodial credit risk of deposits is the risk that the Organization's deposits may not be returned in the event of a bank failure. At February 28, 2018, the Organization's bank balance of \$3,494,071 was exposed to custodial credit risk. A balance of \$500,985 was covered by the FDIC limit of \$250,000 at each bank. The remaining \$2,993,086 is exposed to custodial credit risks.

(b) Revenue and Receivables

The Organization provides social services throughout the County. A substantial portion of the Organization's receivables are due from Federal and New York State governmental agencies.

(3) Fair Value Measurements

A framework has been established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

DELAWARE OPPORTUNITIES, INC.
AND AFFILIATES

Notes to Consolidated Financial Statements, Continued

(3) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2018.

- Certificates of deposit, corporate and U.S. Treasury bonds, mutual funds and common stock - Valued at the closing price reported on the active market on which the certificates of deposit, individual bonds, funds and stocks are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Organization's assets at fair value as of February 28, 2018:

	<u>Assets at Fair Value as of February 28, 2018</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>\$ 1,969,744</u>	<u>24,227</u>	<u>1,993,971</u>
		2017	
	Delaware Opportunities, <u>Inc.</u>	<u>ADOO</u>	<u>Total</u>
Land	\$ 124,589	-	124,589
Building and improvements	2,726,317	-	2,726,317
Equipment	477,439	87,321	564,760
Vehicles	<u>1,187,713</u>	<u>388,045</u>	<u>1,575,758</u>
	4,516,058	475,366	4,991,424
Less accumulated depreciation	<u>(2,625,937)</u>	<u>(438,316)</u>	<u>(3,064,253)</u>
	<u>\$ 1,890,121</u>	<u>37,050</u>	<u>1,927,171</u>

(6) Line of Credit

The Organization has an available line of credit with the Delaware National Bank of Delhi in the amount of \$100,000. Interest is due monthly at 4.50%. There was no outstanding balance on the line of credit at February 28, 2018 and 2017.

DELAWARE OPPORTUNITIES, INC.
AND AFFILIATES

Notes to Consolidated Financial Statements, Continued

(7) Compensated Absences

Included in accrued expenses is the Organization's liability for future payments of accrued vested vacation wages which amounted to \$283,070 and \$299,548 at February 28, 2018 and 2017, respectively. Under the terms of the existing personnel manual, the Organization's employees receive annual vacation leave. The number of days allowed is dependent upon the employees' years of service. Vacation leave represents the only leave paid to employees upon termination.

(8) Deferred Revenue

Deferred revenue amounted to \$208,092 and \$241,991 at February 28, 2018 and 2017, respectively. This amount represents cash provided to the Organization in advance of the period to be benefited in order to provide working capital for the operation of various programs.

(9) Pension Plan

The Organization maintains a qualified contributory defined contribution retirement plan established under Section 403(b) of the Code for all employees meeting minimum age and length of service requirements. The Organization is not obligated to match the eligible participants' contribution to the plan. The Organization recorded expense relating to the plan amounting to \$334,962 and \$345,893 for the years ended February 28, 2018 and 2017, respectively.

(10) Temporarily Restricted Net Assets

Temporarily restricted net assets amounting to \$607,600 and \$626,089 at February 28, 2018 and 2017, respectively, are restricted for use in various programs as specified by the respective donors. Net assets of \$1,371,319 and \$380,494 were released from donor restrictions during the years ended February 28, 2018 and 2017, respectively, through the satisfaction of donor stipulations.

(11) Contingency

Under the terms of various grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such questioned costs could lead to reimbursement to the grantor agencies. Management believes that it would be able to provide support acceptable to the grantor and that any disallowances would not be material.

Notes to Schedule of Expenditures of Federal Awards
February 28, 2018

(1) Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards presents the activities of all the Federal award programs of the Organization. All financial awards received directly from Federal agencies as well as financial awards passed through other governmental agencies or nonprofit organizations are included on the schedule.

(2) Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the accrual basis of accounting and in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). The amounts reported in this schedule as expenditures may differ from certain financial reports submitted to Federal funding agencies due to those reports being submitted on either the cash or modified accrual basis accounting.

(3) Relationship to Basic Financial Statements

Federal award expenditures are reported on the consolidated statements of functional expenses as program services and any related allowable general and administrative expenses under the category of management and general expenses. In certain programs, the expenditures reported in the financial statements may differ from the expenditures reported in the Schedule of Expenditures of Federal Awards due to program expenditures exceeding grant or contract budget limitations, matching or in-kind contributions or capitalization policies required under accounting principles generally accepted in the United States of America.

(4) Indirect Costs

Indirect costs are included in the reported expenditures to the extent such costs are included in the federal financial reports used as the source for the data presented. The Organization does not use the 10% de minimis election.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Board of Directors
Delaware Opportunities, Inc.:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the consolidated financial statements of Delaware Opportunities, Inc. and Affiliates (collectively, the Organization), which comprise the consolidated statement of financial position as of February 28, 2018, and the related consolidated statements of activities, and cash flows for the year then ended, and the related notes to consolidated financial statements, and have issued our report thereon dated August 23, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Delaware Opportunities, Inc. and Affiliates' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Delaware Opportunities, Inc. and Affiliates' internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Delaware Opportunities, Inc. and Affiliates' consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Williamsville, New York
August 23, 2018

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

The Board of Directors
Delaware Opportunities, Inc.:

Report on Compliance for Each Major Federal Program

We have audited Delaware Opportunities, Inc. and Affiliates' compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Delaware Opportunities, Inc. and Affiliates' major federal programs for the year ended February 28, 2018. Delaware Opportunities, Inc. and Affiliates' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Delaware Opportunities, Inc. and Affiliates' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Delaware Opportunities, Inc. and Affiliates' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Delaware Opportunities, Inc. and Affiliates' compliance.

Opinion on Each Major Federal Program

In our opinion, Delaware Opportunities, Inc. and Affiliates complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 28, 2018.

Report on Internal Control Over Compliance

Management of Delaware Opportunities, Inc. and Affiliates is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Delaware Opportunities, Inc. and Affiliates' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Delaware Opportunities, Inc. and Affiliates' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
